COHN BROTHERS,

TELEGRAPHIC

Steamer Burned.

Bartford, 18.—It is reported here that the steamer *Granite State*, hence last night for New York, burned at Goodspeed Landing. A special to the *Courant* from Goodspeed Landing says the steamer *Granite State* burned at the water's edge at four this morning. She had large freight, and is a total loss. She lies sunk on Lords Island just above the landing. Five persons are missing. The body of the second cook, colored, named Jackson has been recovered. The steamer was destroyed this morning while approaching the dock at Goodspeed Landing, forty-one miles below the city. The steam spread so rapidly that nothing was saved. Five lives are known to be lost, four by burning and one by drowning. One was Mrs. Dr. C. L. Maine, of New Haven, who with her husband jumped into the river; her husband rescued the dock. An effort was made to reach the dock, but the fire spread with such rapidity that it was found impracticable. Her steam was swung in however, and most of the crew and passengers jumped into the river and swam ashore. It is not known how the fire originated. The bodies of the persons burned cannot be identified; one body already identified is that of the second cook, named Jackson; two bodies are supposed to be emigrant passengers. Nine horses burned. The cargo was mostly freight, billed to this city, which is a total loss. The steamer's hull is afloat down the river, about half a mile above the landing. Nothing is visible above the water but her galley frame and walking beam. The steamer was valued at \$50,000 dollars.

Y. M. C. A.

Milwaukee, 18.—The morning session of the international committee of the Y. M. C. A. was taken up on the report of the committee to whom was referred the annual report of the international committee. They recommended a number of resolutions. All were finally adopted, but a heated discussion was awakened by a resolution which had reference to the acceptance of a charter from the state of New York, and the make up of the international committee. A delegate from Indiana and others objected to having the international body located in New York state, claiming that the centre of population was further west and that more western men ought to be on the international committee. A prolonged struggle followed, interrupted finally by President Colby, who suggested that they should join in prayer and ask aid in solving the difficulty. After half an hour of devoting exercises the discussion was again taken up and became more heated than ever. Just soon after noon the resolution was carried and the western delegates beaten. New York remained the head centre of the body, and the international committee was unchanged.

Northern Pacific.

Helena, Montana, 18.—The *Herald* says of the Northern Pacific progress: The end of the track east of Helena is near Townsend, forty miles distant, and is coming west at the rate of about two miles per day. Helena will certainly have rail connection with the east by June 20. The track from the west is said within thirty miles of Missoula and 160 miles from Helena, leaving a gap of 200 miles. The track when completed will be 1,899 miles long, from Superior City to Portland.

General Crook.

Tombstone, A. T., 17.—General Torr, accompanied by Zeller, manager of the Guntzville Railroad, escorted by troops of the Third United States Cavalry, has arrived, to visit the line of the proposed railroad to Hermosillo, to the intersection with the Mexican Central. Torr says Crook is certainly in the Sierra Madre.

Kentucky Democrats.

Louisville, Kentucky, 18.—The democratic convention this morning renominated, by acclamation, the present incumbents: General Fayette Hewitt, auditor; James W. Tate, treasurer; superintendent of public instruction, J. D. Eshau Pickett, was renominated on the first ballot. The convention is now holding for register of the land office.

Dr. Benson's Skin Cure consists of internal and external treatment at same time and it makes the skin white, soft and smooth. It contains no poisonous drugs. \$1 at druggists.

The Extradition Matter.

New York, 18.—United States Commissioner Osborne said to-day there had not been any warrant issued from Washington for the arrest of P. J. Shoridan. If a warrant was issued it will in all probability be issued here.

Boiler Burst.

Kean, Russia, 18.—The steamer *Jakobsmund*, plying on the River Volga, exploded her boilers yesterday. Twenty-seven persons were wounded by the explosion.

To-Day, Not To-Morrow.

Procrastination is not only the thief of time, but of health and life. It will not do to dally; for example, with a violent cold—To-day it may be a cold and nothing more; to-morrow congestion of the lungs may have commenced, and in a week the patient may be in a dying condition. "Hale's Honey of Horehound and Tar," when taken in the early stages of all Lung and Throat diseases, is an absolute and unfailing specific. Nothing can supply its place; nothing is needed. A favorable result is guaranteed. Sold by Druggists everywhere at 50 cents and \$1. Great saving by buying large size. Pike's Toothache Drops cure in one minute.

THE REV. GEO. H. THAYER, of Bourne, Ind., says: "Both myself and wife owe our lives to SHILOH'S CONSUMPTION CURE." Sold by Z. C. M. I. Drug Store. (W)

Propiasis

I have been afflicted for twenty years with an obstinate skin disease, called by my doctor's name, and others Lepra, commencing on my scalp, and in spite of all I could do, with the help of the most skillful doctors, it slowly but surely extended until a year ago this winter it covered my entire person in form of dry scales. For the last three years I have been unable to do any labor, and suffering intensely all the time. Every morning there would be nearly a dust-bath of scales taken from the sheet of my bed, some of them half as large as the one on my face containing this letter. In the latter part of the year, I tried everything, almost, that could be thought of without any relief. The 10th of June I started west, in hopes I could reach Salt Lake. I reached Detroit, and was so low I thought I should have to go to the hospital but finally I got as far as Lansing, Michigan where I had a sister living. One day I treated me about two weeks, but did me no good. All thought I had but a short time to live. I earnestly prayed to die. Cracked through the skin all over my back, arms, thighs, knees, limbs, feet badly swollen, toes came off, finger nails fell out and I was as bad as dead, dry and lifeless as an old straw. I was so low I did not know what to do. Mrs. E. H. Davis, had a small part of a box of CUTICURA in the house. She wouldn't give up. Said, "We will try CUTICURA." Some was applied over one hand and arm. Eureka! There was relief. Stopped the terrible burning, itching from the world. They immediately got the CUTICURA REMEDY, CUTICURA AND SOAP. I commenced by taking one tablespoonful of RESOLVENT three times a day after meals; had a bath once a day, water about blood heat, used CUTICURA SOAP freely; applied CUTICURA morning and evening. Result, returned to my home in just six weeks from time I left, and my skin as smooth as this sheet of paper.

HIRAM E. CARPENTER.
HENDERSON, JEFFERSON COUNTY, N.Y.
Sworn to before me this 10th day of January, 1880.

A. M. LEVINSON, Justice of the Peace
